GENERAL SESSION

Afternoon Keynote:

RSA, IBM and SecureWay

Speaker: **Kathy Kincaid**

Director of I/T Security Programs

IBM Corporation Route 100

Box 100 Somers, NY 10589

Phone: 914-766-1423;

Fax: 914-766-8128

Email: kincaid@gemini.ibm.com

Company Background

International Business Machine is committed to open secure computing. Twenty years ago, IBM cryptographers developed the DES algorithm, the most widely used cryptographic algorithm in the world. IBM has a long history of producing cryptographic products. Today, IBM is working to make secure network-centric computing a reality.
