

THE 1997 RSA DATA SECURITY CONFERENCE

SPEAKER BIOGRAPHY

DEVELOPERS' TRACK

Digital Image Integrity

Speaker: **Derek Davis**

Data Security Component Architect

5000 W. Chandler Blvd CH6-424

Chandler, Az 85226

Phone: 602-554-8348

Fax: 602-554-6170

Email: derek_l_davis@ccm.ch.intel.com

Company Background:

Intel, the world's largest chip maker, is also a leading manufacturer of personal computer, networking and communications products. Through innovative technologies, Intel is committed to improving the Internet experience for PC consumers.

Presentation Overview:

This paper addresses the issue of integrity for still images and video clips. It discusses a technique for image capture and processing that permits verification that a digital image or video clip was captured after time "A" and before time "B."

Speaker Background:

Derek Davis is Lead Architect for the Data Security Operation of Intel's Semiconductor Products Group in Chandler, Arizona. His current work includes definition of integrated circuit products for the data security market. Mr. Davis earned his BSEE in 1979 at Caltech.
