This command set contains documentation for 4D externals created by René Ros.

Please see the individual listings for shareware and distribution details for each external/package.

All externals were written by René G. A. Ros

The documentation contained within this Command Set file is not designed to replace the normal documentation provided with each of the externals/packages. Ths documentation is designed to be used when you are fully conversant with the externals and the full documentation.

No charge may be levied for this program, nor may it be included as part of any package sold for profit without express authorization from the author. It may be distributed freely via BBS's and other electronic data services that do not explicitly charge for file downloads, that is, do not charge a per file rate as opposed to a per hour rate.   This includes, but is not limited to, services such as Compuserve, America Online, Genie, and the public access InterNet sites such as sumex-aim.stanford.edu. Further, no service or distributor may attach additional restrictions to this program or to its distribution. This software must be distributed unmodified, and complete with documentation.

Permission for commercial distribution is granted to:
     Arizona Macintosh Users Group (BBS in a box CD-ROM)
   Club Macintosh de Quebec
     CP Shareware
     IDG Communications Nederland (MacWorld CD-ROM)
     Pacific HiTech, Inc. (Info-Mac CD-ROM)
     Quantum Leap Technologies, Inc. (The Right Stuffed CD-ROM)

This external is provided "as-is" without warranty of any kind, including the implied warranties of merchantability and fitness for a particular purpose. Although all reasonable efforts have been made to remove, or document all bugs, the author does not warrant, guarantee, or make any representations regarding the use, or the results of the use, of the software or accompanying instructions in terms of correctness, accuracy, reliability, or otherwise. The entire risk as to the results and performance of the software is assumed by you. If the software or instructions are defective, you, and not the author, assume the entire cost of all necessary servicing, repair or correction. The author shall not be liable for any damages whatsoever arising out of your use or inability to use this product, even if the author has been advised of the possibility of such damages.
