

The NCSA Imagemap Format

| Keyword | URL | Coordinates |
|---------|-----|-------------|
|---------|-----|-------------|

| | | |
|------|---------------|---------|
| rect | your_url_here | x,y x,y |
|------|---------------|---------|

| | | |
|------|---------------|---------|
| circ | your_url_here | x,y x,y |
|------|---------------|---------|

| | | |
|------|---------------|-------------|
| poly | your_url_here | x,y ... x,y |
|------|---------------|-------------|

Rectangles are specified by their left, top, right and bottom coordinates.

Circles are specified by their left, top, right and bottom coordinates.

Polygons are specified by a list of vertices.
