

• How to Register:

I've worked very hard on this Control Panel and would like to continue to release fun and useful games and utilities, but the only way I can do this is if you send in the requested fee. Please, if you use this, send in the small fee requested. Do your part to keep the idea of shareware (and me) going! Thank you.

PS: If you send in your fee, you'll feel really good about yourself and life in general :-). If you continue to use it without paying, your conscience will continually hound you until you finally do send in the fee, so why wait?

I have tested this Control Panel to the best of my ability, but cannot possibly test it with every application, INIT setup, etc. If you find any problems, please let me know about it! Also, if you have any suggestions of other features you'd like to see in this Control Panel, let me know. You can contact me at the address or on-line services below.

You can fill out the registration form from within this Help area. Just click the “Fill out registration form” button below and fill in the fields. There are also multiple copy discounts that are calculated in the form if you are purchasing more than 9 copies of QuickPop.
