Shareware Registration Form

Please enter name of software and Author:-

.....

.....

All Cheques, Postal Orders and Money Orders should be made payable to: **Shareware - UK**.

What you need to do

- Please print-out this document, then
 - tick the appropriate boxes, and
 - fill in the details below, and
 - send the total amount as either:-
 - International Money Order (in £ Sterling),
 - Cheque (in £ Sterling or \$US),
 - UK Postal Order, or
 - Cash (£ Sterling or \$US).
- Then • add £2 (or US\$ 4) to cover handling, and
- if you would like a receipt and are resident in the UK or EU then add £0.50, or
 - if you would like a receipt and are resident outside of the UK or EU then add £1.00 (or US\$ 2).
 - Post this registration form with your remittance and any other documentation required.

• • NB Shareware - UK can process any Shareware registration for you, just send us your registration forms with appropriate fees and add our handling charge. Why pay the bank a small fortune in currency transfer fees when we can process your registrations in the right currency for just £2 ?

MacKENZIE - HANSON SHAREWARE - UK

New Services Available

MacKenzie-Hanson Shareware - UK has three main functions:-

1. To provide a currency transfer scheme for UK Shareware customers by relaying their registrations and converting pounds sterling to overseas currencies (usually \$US) and \$US into Sterling, thus minimising the currency transfer costs.
2. To provide a **Fast Processing** service to Shareware Authors by handling Registrations for their Shareware products.
3. To provide an information and advertising service (Magazine & E-zine) on the latest Shareware products and software versions available to subscribers, via E-Mail and Snail-Mail.

The aim is to open up a bottleneck in the market for the internet's Shareware Software in the UK and Europe, by dramatically reducing currency transfer and registration handling costs. This therefore furthers the aim of Shareware which is to provide "High Quality Software at a Low Price, on a 'Try before you buy' basis".

Unfortunately, virtually all of the software available as Shareware on the internet and through computer magazines requires the registration fee in \$US. It costs an extra £7 to send an American Express International Money Order and other methods of currency transfer can cost between £14 and £25 per payment.

General I nformation

Look out for our Registration Documents! Or just add £2 to the registration fee for each Shareware author you are registering software to. Complete the registration forms as usual (alternatively write down all the registration details) and then send the registration form and fee to us in Pounds Sterling (£), if no UK £ equivalent is quoted by the author then we will accept your registration at the latest exchange rate (which you must quote), or in US \$. Please Note several simultaneous registrations to the same author or through Kagi Shareware would be the same price as a single registration; a charge to the customer of £2 per registration-address would cover handling, postage and currency transfer (a saving of at least £5 each time).

If you would like a receipt or post card acknowledgement then please add a further £0.50 to the handling fee.

Please make cheques, postal orders or money orders payable to:- "Shareware – UK", and send to the address at the top of this letter. The registration forms with the fee in the required currency will then wing their way to the Shareware author.

If you are interested in receiving our magazine (due soon) then you can subscribe to this magazine, price: £5 (or equivalent in \$US) per year. The magazine can be sent to you by post or by E-Mail.
