About MiniCalendar

What makes MiniCalendar unique

What makes Minicalendar unique is it has a clean design and it is easy to use.   MiniCalendar has two main user interface elements: windows and menus.

Windows

Calendar Window

The Calendar Window is the main window, as its name implies, it displays the calendar.

Set Date Dialog

The "Set Date Dialog" is used for jumping from one calendar to another.   To change dates, choose the month from the popup menu and enter the desired year.   The year needs to be between 1582 and 29940.

About Box

he About box displays information about the environment MiniCalendar is running in.   The following is a brief description of the information provided:
