Freddie 1.2.5 Registration Form

Please send in this form along with $15 U.S. ($20 U.S. outside the United States to cover bank handling fees) check or money order when registering your copy of Freddie (**New York residents add applicable sales tax**). See the details, terms, limitations, and privileges of registration in the Freddie manual included with the Freddie distribution archive. Registering Freddie indicates that you have read and agree to those terms and conditions. If you have not received a manual, please note this at the bottom of this form.

Your registration and comments will help make Freddie a better application in the future. Thank you for your support.

Your comments will help me improve Freddie in future versions. Please write down any praise or criticism. If you were Freddie's programmer, what would you add? What would you remove? What would you do differently? What would you leave the same?

Also, please write down any suspected incompatibilities or bugs, no matter how trivial you might think they are.
