Teachers Mac™ Diskletter	
Benefits/Joining/Subscription	

Copyright Notice : Contents of this document ©1993 SchoolHouse Mac, Charles Doe and other contributing authors. All rights reserved. Reproduction in whole or in part without permission is prohibited with the following exceptions. Articles may be included in non-profit user group publications. Teachers, up to five articles may be printed, duplicated and distributed in your school building if credit is given. If the electronic version of Getting Started, or the entire series is distributed throughout your district, please support our work and inquire about a reasonably priced "district" subscription or membership. Individual programs and files may, of course, be distributed as you wish. Write for information.

On the other hand, we appreciate anything you do to spread the word about us. Please do print and copy portions of this publication for distribution to seminars, classes and workshops as long as credit is given to us and our organization and your organization is a non-profit one.

Finally, we do not claim copyright of any of the stacks included in this collection and they have been distributed as part of this collection for the usually shipping and distribution costs.

Trademark Notices: Macintosh, ImageWriter, LaserWriter, etc., is a registered trademark of Apple Computer, Inc. Other product names may be trademarks or registered trademarks of their respective owners. SchoolHouse Mac is not in any way affiliated with Apple Computer, Inc.

Note: Printing This Issue - This document is written primarily in Geneva 10 and Monaco 9 fonts. If you don't have these fonts in your system, the newsletter won't print properly. Also, printing on a LaserWriter seems to cause some distortion as this was formatted on an ImageWriter. When printing with a LaserWriter, StyleWriter, or other printer with the capability, print at 95%.
