About ISIS International

ISIS International was founded in 1987 and is recognized as one of the top 4th DIMENSION® developers. Our clients include a major hospital, film production companies, the state of California, and the US government. In addition to System 7 Pack™, we produce complete business solutions. Our other products include ISIS Notes™, an AppleEvent aware network messaging & file transfer utility, Antwerp™, a powerful invoice, inventory, & shipping management system; Horus™, a suite of sales, tech support, and customer service tools; ISIS Medical & Dental office systems; the ISIS Construction™, Architrieve™, and PrIntelligence™ series, which features cost estimation, bidding and scheduling; and ISIS Production Office which allows a small production company to juggle multiple projects in various stages.

Tech Support

ISIS can be reached at (818) 788-4747 during West Coast business hours. We have the number forwarded to our respective homes after hours, so we can be reached at most times. You may also fax us questions at (818) 501-0653 twenty-four hours a day. We also provide support on America Online in the Mac Business forum (enter the keyword "ISIS"). We can also be reached on AppleLink at D6734.   We can be reached on Compuserve at 76367,1406 (Paul Harwitz). Our Internet address is isis@netcom.com. Demos and updates are available via anonymous ftp on netcom.com in /pub/isis as well as other major 4D® archives including bu.edu and info-mac.
