

Grandma's Game

Top cards of tableaux may be moved to the foundations.

Deal a card by clicking the hand. Place the card on the tableau whose position matches the card's rank, then move that pile to the workspace and fan it out.

Workspace cards are all available for play on the foundations. They may also be reordered within their fan.

Foundations build up (or down) in suit from the Ace (or King). Top cards are available for play on the other foundation of the same suit.

Goal: Move all cards to the foundations.
