

Acronym Expansion

WWW

World Wide Web (or Web, for short).

SGML

Standard Generalized Markup Language -- this is a standard for describing markup languages.

DTD

Document Type Definition -- this is a specific markup language, written using SGML.

HTML

HyperText Markup Language -- HTML is a SGML DTD. In practical terms, HTML is a collection of styles (indicated by markup tags) that define the various components of a World Wide Web document.
