

## Distribution

AutoCat™ may be distributed via the Internet archives, online services such as CompuServe, America Online, eWorld, or AppleLink, user groups, BBSs, and informal transfers between friends. It can also be included on CD-ROMs, with books or magazines. The author would appreciate a copy of the medium on which AutoCat™ appears. Whenever AutoCat™ is distributed, it must be distributed unaltered and as a complete package, including the Register program.
