ShareDisk 2.0 documentation - August 1994

• Special offer - lots of stuff for \$25!

- ◇ The ShareDisk contains **several shareware programs**, with a total value of **over \$85**. Since you probably won't use them all, you may want to pay only for the ones you like best. If you want to register for the **whole package**, however, you can do it at a **discounted price** by sending **\$25** to the author at the address above. Since cashing international cheques is very expensive, please send **cash only** (U.S. dollars are best, but any other currency is fine). Use the "Save Registration Form..." button below to generate a ready-to-print text file with all the data I need, then print it with SimpleText or with your word processor (don't worry about formatting the text). If you don't like printed stuff just write down a note with your name, your address and the name and version of the ShareDisk.
- ◇ If you work on the Macintosh, there are many things you can send me **instead of the money**. Here are some suggestions: **original software** (but don't send any shareware/freeware unless you're the author), **books** or computer-related **magazines** (any free issue or subscription is welcome), **CD-ROMs**, any piece of new or used **hardware**, or anything else you've created.
- ◇ There's still another thing you could do: I'll finish my physics studies sometime in 1996 and I'm looking for a **one-year job** as a programmer (or maybe a scientist?) outside of Italy. Write to me if you have anything to offer.
- ◇ If you can't afford any of the above, a **postcard**, a **letter** or an **e-mail** is always welcome. I speak English, French and Italian. Please forgive me if I don't answer to all of your letters - I am often overloaded with my school work.

• Distribution

- ◇ The ShareDisk 2.0 is **©1994 Alessandro Levi Montalcini**. It can be freely distributed as long as it is not modified and there's no charge for it. It may not be included in any commercial package without my consent.
- ◇ All **online services** and **bulletin boards** may make it available to their users at no charge other than the normal connection fees.
- ◇ All non-profit **user groups** may distribute it at no charge.
- ◇ All **magazines** may publish it on floppy disk without asking me first, as long as I get a copy of the issue containing my software.
- ◇ All **CD-ROM shareware collections** and **CD-ROM magazines** may include it without my prior consent, as long as I get either a copy of the CD-ROM or an offer to buy the CD-ROM at a discounted price.
- ◇ All **redistribution companies** such as Educorp may distribute it, as long as I get a copy of each media containing my software and a catalog of the company's offerings (where applicable).

• Disclaimer

- ◇ None of the programs in the ShareDisk should ever cause any damage, but you're using them at your own risk. As an independent software developer, I can make **no warranties** whatsoever on any of them.
