CMDs that are not public  
may be used and distributed only by  
REGISTERED owners of ToolKit™

Unless otherwise stated, these XCMDs are in the Public Domain and are free for use any way you choose provided you follow these simple rules:

ÓÊThe XCMDs cannot be distributed for profit, that is, for the purpose of generating income based on distributing the XCMD itself.

ÓÊIf you obtain and change any of the source code you MUST change the name of the XCMD and cannot reference it in any way to the original author or ToolKit™.

ÓÊThere are NO LICENSING FEES

„NOTICE - not all of these XCMDs are public. Read the information header to see if a particular XCMD is public or not.
