Legal Stuff

This software is provided "as-is" without warranty of any kind, including the implied warranties of merchantability and fitness for a particular purpose. Although all reasonable efforts have been made to remove, or document all bugs, the author does not warrant, guarantee, or make any representations regarding the use, or the results of the use, of the software or accompanying instructions in terms of correctness, accuracy, reliability, or otherwise.

The entire risk as to the results and performance of the software is assumed by you. If the software or instructions are defective, you, and not the author, assume the entire cost of all necessary servicing, repair or correction. The author shall not be liable for any damages whatsoever arising out of your use or inability to use this product, even if the author has been advised of the possibility of such damages.

Acknowledgements

Thanks go to Paul Celestin for creating and distributing the PICTButton CDEF.

PICTButton is a CDEF (control definition) that allows you to use 3D pictures as buttons instead of the drab black and white buttons that you're used to. PICTButton is Copyright © 1994 by Celestin Company, and is used here with permission.
