On July 1, 1993, The Electronic Pen BBS became a pay BBS.

Although many features are still available at no charge, callers have to pay for other features, including send access to shared message areas and download privileges for most files. This policy has been instituted to help cover the high costs of running this BBS. There will be no exceptions to this policy so don't ask.

Persons who contributed more than $10 to the BBS prior to June 30, 1993 were automatically "Grandfathered in" at the appropriate level until December 31, 1993.

The following chart lists the privileges that are available at each of the three levels of access. This table should answer any questions you have. Use the form at the bottom of this message to subscribe.
