

TrueType Fonts Have Never Been so Accessible!

It's so easy! Preview fonts on your screen by using one of the many filters available. Browse through fonts by publisher name, font name, size, price range, or the Panose TrueType font classification system. Then select the font or fonts you want to purchase via credit card, and in minutes they are downloaded through your modem for instant use in your documentation! There are also over 30 Free fonts that can be downloaded!

Quickly and easily enhance your copy with the typefaces of your dreams. A typeface to clarify every mood and message in your text. With *FontConnection*, you buy only the fonts you need, via modem, 24 hours a day. Select from our growing font libraries from over 14 vendors including: Atech, Azalea Software, Bitstream, CastCraft Software, Digital Typeface Corporation, Image Club Graphics, Font Company, Kaballah Software, LetterPerfect, Linguist's Software, Linotype-Hell, Monotype, QualiType, and Silver Graphics.

Ask about *Clip-Art Connection*, providing you the same convenient individual access to over 29,000 images from 17 leading vendors, The largest collection of clip-art available AnyWhere!
