

## **A place to escape for Fun, Fantasy and Friendship...*The ImagiNation Network!***

Imagine passing through the gates of this electronic wonderland and entering *ImagiNation*, the crossroads for journeys to a mystical mountain in the Middle Ages...the glitz and gaming of an electronic Las Vegas...the battle-charged skies of World War I air combat...the thrill of playing 18 holes of golf with friends in 3-D...the challenge of competing in a nationwide game of trivia...or the mind-bending competition of *Stratego*, Spades or Chess.

### **A virtual cyberspace theme park on your PC!**

Visit the **Clubhouse** to try your hand at classic board and card games like: Hearts, Cribbage, Bridge, FlipFlop, Backgammon and many more.

Take a closer look at **SierraLand** for an arcade-style action park. Fun for the whole family: INN 3-D Golf, Stratego, Red Baron, Paintball, Rocket Quiz...hey!...there's almost too many to list!

If you like fantasy role-playing games check out **MedievalLand** for Dark Ages adventure. Monsters, dungeons, magic spells and wizards await you in *The Shadow of Yserbuis* and *The Fates of Twinion*. Choose your own persona and test your courage in shadowy adventures!

If adult action is what you're looking for, try **CasinoLand**. Test your skill and luck with Blackjack, Poker or Roulette. There is Lefty's Bar where you can hang out with your newly networked friends. Try your hand at Liar's Poker, LeftyLibs -- for witty word-play interaction or Veracity -- "Truth or Dare" PC-network style.

### **Remember you are not playing with a computer but with other REAL people!**

Get to know each other through some other great ImagiNation features. **FaceMaker** screens for each land allow members to create your own personae. There's a Town Hall containing INN services such as billing and membership information, even an electronic Post Office with your own personal mailbox. To help you locate your friends in ImagiNation there's a Phone Booth. For network-wide discussions, there's the ImagiNation Bulletin boards. There're even conference rooms for meetings, and chat rooms for more spontaneous discussions. ImagiNation is enriched with great graphics and background music in full stereo.
