

## **Virtual Pool - play so real, we guarantee that it will improve your *real* pool game or your money back!**

Enter the world of *Virtual Pool*™, a pool game so real we guarantee that it will improve your actual pool playing...or your money back! It has all the angles, all the shots of the real game - and then some! Take a lesson from a pro, learn trick shots or take a historic multimedia tour of the sport. Then settle in for a challenging game that is so much fun, you may not care about improving your actual game. But it is a great fringe benefit.

### **FEATURES:**

- + Four Great Pool Games played by professional rules: 8-Ball, 9-Ball, Straight Pool, and Rotation
- + Full motion video library: Learn the history of the sport or take some trick shot lessons from the world-renowned pool champion and expert Lou "machine gun" Butera.
- + All the physics, all the geometry of the real game: Virtual Pool accounts for friction, speed, and angle of every shot and every ball that's part of the action.
- + Multi-player: Challenge a friend on your own computer, through a network, or over a modem. Or take on one of the virtual computer players.
- + All the Feel and Control of the Real Game: Use your mouse for realistic control of the cue - ease it gently for the soft touch or increase it for a double rail bank! Put English on the cue ball for follow, draw and curve shots.
- + Realistic 3-D Perspective & Graphics: Take a walk around the table, zoom in for a close-ups.
