

## Someone out there wants to destroy you in the Battledrome. Bet on it!

High tension and high stakes fill the *Battledrome*<sup>™</sup> arena as fully-articulated HERCULANs wield their might effortlessly across the cyberscape. Battledrome puts it all on the line as mighty HERCs fight one-on-one for power, pride and money.

Battledrome, a virtual-reality combat arena where strategy and tactics count as much as firepower. You choose your HERC, its weapons, the arena conditions, the level of battle, and the amount to wager. Bet for prize money to build your own arsenal of HERCs. Modem and network ready, challenge anyone, anywhere, anytime. Or, pit your HERC against the computer. Win with cunning or win with cannons. Either way, you'll have to challenge and duel your way up the ladder. Only one fighter can be ranked #1.

### Features

- + Play anyone, anywhere - network and modem ready
- + Riveting 3Space graphics, animation
- + Camera remotes and HUD for absolute awareness of your environment
- + Chose from 10 HERC chassis and broad weapons arsenal for customization and power building
- + Adrenaline pumping music

Battledrome - BLAST INTO THE METALTECH ERA!
