

OPTI

This Web resource has been established to provide Osteopathic Postdoctoral Training Programs (OPTIs) and all groups involved in AOA-approved postdoctoral training the latest information, documents and related links.

Directors of the OPTIs may register to gain access to the members only area of DO-Online which contains Web discussion boards, online meeting rooms, news feeds from the AOA, and access to many more features.

We invite you to visit this page often. Upcoming additions will include AOA Board of Trustees actions following the mid-year meeting relevant to OPTI. The 2002 OPTI Annual Report forms will be available in an Adobe PDF format in May.

Contact us by e-mail at opti@osteopathic.org.
