

Contests & Specials

by the Softdisk for Windows Staff

Welcome to our continuing area dedicated to contests and specials that we offer each issue. You can check here for the latest on contests that we're offering and winners of previous contests. This issue we continue our existing contests : "Submit a Full Screen Wallpaper," "Joke of the Month," and "Trivia Now."

Submit a Full Screen Wallpaper

We are looking for a few good artists (and photographers)! If you think you have the artistic talent, you can show off your work here on Softdisk for Windows. If we choose to use your artwork as a featured full-screen wallpaper, you'll get an **extra month** on your subscription. The source images that we use for our full screen wallpapers are 800x600 16 million color images. Any image file format is fine.

Important: You must print and fill out the file SUBMIT.TXT located in your Softdisk directory and send it with your wallpaper entry (legal stuff).

Joke of the Month

This is an ongoing offer to submit your favorite joke. This section is in our **Comic's Corner** area. Each month we pick what we think is the best joke of the bunch. All we ask is that you keep 'em moderately clean.

Trivia Now

We have a trivia quiz every issue. Each quiz is 40 easy, medium and hard questions on any category (that's 120 questions total). Use the trivia file editor that is part of **Trivia Now**. If we use yours in an issue, you'll get an extra **two free months** on your subscription for every 40 questions you enter (for a total of 6 free months).

Every question contains the following:

- The actual question.
- 4 or more answers (one of which is correct) for a normal question and 2 answers for True/False questions.
- Each question should display at least 4 answers (2 for True/False questions).
