How to Export a Fixed Size 640 x 480 Pixel Bitmap

Bitmaps exported from CorelDRAW! sometimes become re-sized in other applications. This document provides instructions for creating a bitmap that is exactly 640 x 480 pixels in other applications.

In CorelDRAW!, choose File; Page Setup. Set a Custom page size with the dimensions: Horizontal: 6.4 inches and Vertical: 4.8 inches. Choose "Add Page Frame". Give the page frame no fill and no outline.

Create a drawing that fits within the 6.4 x 4.8 page frame.

Export the drawing as a 640 x 480 pixel bitmap ie. TIF, PCX, BMP, etc.

In the bitmap export dialogue box, set resolution to Custom at 600 dpi. Then choose a fixed size of 640 x 480.
