[#5]Print Progress Dialog

The Printing dialog box is shown during the time that <<YourApp>> is sending output to the printer.   The page number indicates the progress of the printing.

To abort printing, choose Cancel.

Print Preview command (File menu)

Use this command to display the active document as it would appear when printed.   When you choose this command, the main window will be replaced with a print preview window in which one or two pages will be displayed in their printed format.   The <u>print preview toolbar</u> offers you options to view either one or two pages at a time; move back and forth through the document; zoom in and out of pages; and initiate a print job.

Print Preview toolbar

The print preview toolbar offers you the following options:

Print
  Bring up the print dialog box, to start a print job.

Next Page
  Preview the next printed page.

Prev Page
  Preview the previous printed page.

One Page / Two Page
  Preview one or two printed pages at a time.

Zoom In
  Take a closer look at the printed page.

Zoom Out
  Take a larger look at the printed page.

Close
  Return from print preview to the editing window.

9# AFX_HIDW_PREVIEW_BAR
