

Welcome to UnrealScript Game Programming All In One from Premier Press

Premier Press is now a part of Course Technology PTR (Professional, Trade, Reference), a division of Course Technology. As Course PTR, we will continue to provide comprehensive guides for game developers. Whether you are a beginner to the world of game programming, an experienced hobbyist looking for the latest tips and techniques, or a professional game developer keeping up with technology trends, you'll find the guidance you're looking for in the Course PTR Game Development series.
