

This is the classic adult CD-ROM of the decade. It's the best selling adult PC game in Europe since 1994 - a must for your CD-ROM collection!

Who says sex isn't a game? PORNMANIA is two discs containing over 1200 MB of hard-core movies for DOS and Windows, all selectable from thumbnail menus. Included are over 30 different animated "Porntris" scenes and patterns.

Your remote control guides you through the world of adult entertainment. To succeed, you must unlock several doors by mastering adult games such as Porntris, Memory and Maze, or by solving puzzles.

Escape from the maze to reveal the erotic picture under it. Test your memory by matching different pictures. This most incredible brain-teaser features over 40 different puzzles. Enjoy hours of fun and sexual pleasure as Private's sizzling collection of hard-core photos and movies are brought to life through these electrifying arcade games!
