

Private Collection 2 is an exclusive collection of over 2000 hard-core Private xxx-pictures.

All presented to you in an original and easy to use graphical user interface for Windows with the possibility to add music to your arousing experience!

You enter the world of Pirate Magazine from issue number 19 to issue 28.

Ten full-packed hard core magazines. And all of it at your fingertips!

When you start up the CD you get to choose from 10 different magazines.

Next choice is to pick your favourite girl in that magazine. Pick out a girl and start the slide show!

This Private Collection also provides you with a nice Private Screen saver!

Also included is a running demo of Porn-mine - a hard-core version of the well known game but with a hot hot picture to play with!

The Private Collection 2 is a well-designed Photo Disc with a nice interface packed with the hot pictures of Private!
