

The program runs directly from the CD.

The pictures in the Private Collection series are unique and can not be found on any BBS or other Photo Discs.

The pictures are presented to you magazine-by-magazine and girl-by-girl. Here it is - Private Collection 3!

More than 2.000 new pictures on Photo Disc.

All the best photo sets from Private Magazine 125 - 134.

The Private Collection series is a well-designed Photo Disc with an easy to use graphical interface including the possibility to have background music.

The installation procedure is straight forward without installing any files on your hard disc.

You can relax and enjoy watching all pictures by activating the slide show feature.

New feature! In this Private Collection you can consult the pictures either through the magazines or through a new list of all girls on the CD.

Pick your favourite and get all the pics from her that you could ever want!

Private Collection 3 is Windows '95 compatible.
