

One of the best tapes Private has ever offered features an incomparable bevy of Eastern and Western European lasses.

Who wouldn't fall in love with brunette Penelope?

This darling sucks a stud's cock in his car and lets two others join a lusty outdoor four-way wherein the guys fuck her hairy bush, ram their heavy dicks in her asshole and double-penetrate her before covering her in a sperm cascade.

Who wouldn't die for Hungarian model Yvette? After a sexy strip reveals a perfect body, she animalistically sucks and fucks three guys and finally has her asshole gang banged!

Yvette also participates in a double penetration that lands three luxurious loads of love lava on her pretty face.

In one scene, a hairy redhead gets fucked against an ocean backdrop. A double-penetration gang bang was shot at Niagara Falls. In a classic group scene, two big-cocked studs join two young, firm, sexy Swedish girls for ass-fucks and double-teams in an exercise gym.

Altogether, this 104-minute fuckathon features seven incredible vignettes.

Don't miss this really incredible outing from Private!
