

The second volume in Private's new Triple X series features seven wonderfully-produced segments and 104 minutes of hard-core European erotica. Olivia, an exotic, pretty brunette, takes on three Frenchmen outdoors and gets fucked in the ass on the hood on a car.

After being double-penetrated, her face is spattered with three massive shots of goo. If you're not exhausted after that, there's plenty more perverted porn where that came from!

On a tropical island, a pretty Russian girl gets banged and double-penetrated by three large-cocked men.

A British girl on the streets of London picks up two male stalkers, gets fucked up the ass, takes two cocks in her holes at once and gets her face coated with cum.

Three guys bang a fabulous brunette in a Parisian bar. And there's much, much more here to continue the Private tradition of incredible European filth!
