

GAMES

Deco v1.0

by Karl Bunker

Quick reflexes and strategic planning are required to master this Tetris-style arcade puzzle. Instead of rotating pieces, you rotate the game board. When falling tiles have the same color, they disappear. If colors don't match, tiles become permanent pieces to the game board. Complete the level before the entire board fills up.

Jigsaw

by Graham Nelson

Finding the pieces is even more exciting than putting the puzzle together in this text-based adventure. Explore different locations throughout a New Year's Eve party. Each puzzle piece you find leads to another adventure.

Monte Carlo Solitaire v1.0.1

by InterStellar Software

Enjoy this simple solitaire game. Remove all adjacent pairs of cards from cards arranged in a 5 by 5 grid. When you remove all pairs, fill the spaces with more cards. Your goal is removing all the cards in the fewest possible number of deals.

Rock Scissors Paper v1.00

by Argus IG

Play the ancient Babylonian game of Rock Scissors Paper. You are playing head-to-head against the EyeGuy, a bizarre alien from outer space. First you choose rock, scissors or paper — then the EyeGuy picks one. Rock smashes scissors, scissors cut paper, paper covers rock.

Renegade Space Ninja v1.0

by Phil Stroffolino

Battle in hand-to-hand combat with this galactic fighting tournament. You are one of six fighters. Choose your own characters, fighting technique and secret moves. Challenge a friend or play against the computer. Are you up to the test?

Sokoban v2.0

by Scott Lindhurst

You'll treasure this maze game! Push treasure chests through a maze to their proper locations. The chests are so heavy you can only push them one at a time. Be careful not to trap a chest into a corner. There are more than 150 different levels plus instructions on how to create your own levels.

Space Debris v1.0.1

by Richard Bannister

Collect crystals in this fast-paced arcade game. Fly your saucer and collect all of the

crystals on the screen before exiting to the next level. Watch out! There are mines and bad guys trying to stop you. Shoot them with your gun, or use your bombs to destroy all of the bad guys on the screen at once.

Star Chaos 1.01

by Richard Bannister

It's raining aliens! Waves of aliens pour down on you. Protect your base by using your cannon and shields. When you destroy an entire wave, you get bonus shields or lives.

Super Ships II v1.0.0

by Brett Crain

War! Can you survive this fast-action space combat game? Choose from 20 different ships, each with their own attributes and special weapons. The first ship to survive three battles wins. Challenge a friend and play against the computer — or both!
