

GAMES

Bachman v2.0.5u

by Ingemar Ragnemalm

Eat all the dots and avoid the enemies in this PacMan-style game. Gather the bonus items, including apples that increase your speed and power-pills that allow you to eat your enemies. You can shoot biscuits at your enemies to slow them down (they have to stop and eat the biscuit). Fast arcade action!

Bedlam v1.1

by Ground Zero Software

Clear the solar system of alien intruders in this Galaga-style arcade game. Space ships bombard you with missiles and occasionally dive bomb you. Move your ship back and forth with the mouse and try to destroy all the enemies and get to the next wave.

Blox Arcade v1.0

by Danny Espinoza

This is a Tetris-style game with some added features. Play the classic brick puzzle with three additional variations. In Crush, the blocks you have placed keep moving up the screen. In Drift, the blocks move from left to right. The screen is split in two and you have to place blocks on both the top and bottom of the screen in Split. Three great games!

Checkers v0.23

by Paul Kappler

Jump on this classic game of checkers. Challenge a friend or compete against the computer. Choose from red or black pieces and select one of six difficulty levels. Customize your games by adding or removing any piece you like — even kings! You can save any game and continue playing later.

Columns Max v1.0

by Steve Chamberlin

This is a challenging puzzle game with a colorful twist. Colored columns drop from the sky. When you arrange matching colors correctly, the columns disappear. The game ends when the playing field is full. Choose between standard and fancy pieces. Great colors, sounds and graphics.

Deluxe Klondike v3.0

by Glenn Seeman

Enjoy many custom options in this classic solitaire game. Choose from 15 different backgrounds, three different card faces and 34 different card backs. If you make a mistake, you can undo as many moves as you like. Play regular or casino scoring.

Dirt Bike v3.1

by Brad Quick

Go off-roading on your dirt bike in this exciting game. Customize your bike, including weight, power, wheel radius and more. You're competing against the top four racers, so you'll need to go fast. You can even race against your last time — you'll actually see the bike from your last game racing along beside you!

Dreamlight Verttice v2.0

by DreamLight, Inc.

Light up your life with this challenging laser game! Aim a laser light by redirecting photons to power nodes. When you fill each power node with photons, you advance to the next level. Watch out! If you send a photon to a power node that already contains one, both photons are destroyed.

Exile II: Crystal Souls v1.0.1

by Jeff Vogel

Explore the world of Exile in this fantasy role-playing game. Control a group of six characters as they battle monsters, collect loot and save the world. This game features more than 100 towns and dungeons, multiple characters with and challenging puzzles to solve. Provides hours of adventure.

GoldPusher v1.3

by VreeWare

Eureka! This program mixes puzzles, strategy and action into a great game. You are a "gold pusher," a funny little man who must push a pot of gold onto a small rainbow. The puzzle is solved when you succeed. Gain bonus points as you progress through the game. Watch out – there are monsters who try to stop you and rocks that threaten to fall on you!

HeartQuest v0.8

by Ingemar Rangnmalm

You're a cute little butterfly collecting all the hearts on the screen in this charming game. Catch them all before your time runs out. Look out! Flying flypapers try to stop you. If one touches you, it holds you for few seconds, wasting precious time. There are also bonus items that give you extra points.

Shadow of the Dragon - Part One

by Otamere Omoruyi

Long live the king! The king has become gravely ill and you must journey to find the druid-elf Nospe — only he possesses the knowledge to cure the king. But watch out — this role-playing game has some unique twists. Pay attention to everything you see and everyone you speak with because you will be quizzed later. That's right, you can't get past certain points until you can answer questions about things you've seen and heard. Hot Tip: Speak to the ghost. It has important information.

Short Circuit v1.0

by Carl Limsico

Combine circuitry and colors in this fast-paced puzzle game. When you click on two tiles of the same color, they disappear. Clear the entire screen before time expires. A challenging game!

Sphericon X v1.0

by Spectral Design

You'll have a ball in this game! As a PoliceSphere in Sphereland, you must capture the criminals on the dreaded moon of Sphericon X. It is a suicide mission, which is why they picked you. Shoot all the enemies on the screen (who are all spheres, of course) and grab the Spherefruit. (it increases your health and firepower).

StarGates v1.0

by White Sands Multimedia

Unlock the mysterious star gates in this intriguing puzzle game. Light every light on the grid to unlock the gate. When you do, the gate transports you to the next level.

YA Mancala v1.0.1

by Keith Rose

One of the oldest known board games is now a computer game! Get more beads into your home base than your opponent. There are many intricate and subtle rules to this challenging game. Choose from several difficulty levels.
