G R A F I X A T I O N S

The file names are discriptive of the clipart within them. The last two letters of each file name refer to the DPI and the graphic type. The last letter is either L or G, L meaning line art, and G meaning gray scale. The number before refering to the DPI; 3 = 300 dpi, 2 = 200 dpi, etc.

After downloading so many files, we're sure we all have been disapointed at one time or another by the clipart within them. Many are copies of clipart already out there; others are low dpi and therefore unusable. A scanner is a big investment for most of us, so after the purchase of our new scanner, we've decided to make our files available for all - NEW pictures, different topics, and all are hopefully not duplicated elsewhere. If you find that these pictures have been reproduced in another file online, please send us email and we will be sure to reduce the duplications.

Scanning files is alot harder than we anticipated, so we are releasing these files as ShareWare. Many hours are spent editing and making sure that each clipart is of good quality. If you find that you can use this clipart, please send a donation of $5.00 to:

Michelle and David Hardin
GRAFIXATIONS
1116 Business Route 20
Belvidere, IL 61008

Please feel free to copy these files and distribute them to your friends. Thank you and enjoy!
