What day were you born on?

Example spreadsheet

Enter your birthday and read off the Day number

	Day	Month	Year			Key
	14	6	1967			Sunday =1
						Monday =2
	Day number	**4**				Tuesday =3
						Wednesday =4
Note: If the Month is Jan or Feb, you must make the month number 13 or 14						Thursday =5
and decrease the year by one						Friday =6
						Saturday =7
	1st Calc	2475				
	(see its formula)
