

GAMES

Air Puck 1.3

Full of hot air

Slam the puck into your opponent's goal in this amazing rendition of the popular air hockey game. Can you beat your computer opponent? Confuse your opponent by using sharp angles.

- customize your colors, including the puck, player and computer
- choose from five puck and paddle sizes
- six difficulty levels

(Application by JupInc)

Assassin

Impossible mission

You assume the role of director at an elite espionage agency. Organize your operatives to complete your next assignment. You must position yourself within a maze to assassinate your enemies.

- choose your own weapons
- play solo or across the network
- select the number of computer players
- determine number of rounds

(Application by Steven H. Taylor)

DogFight City, The Fighter Pilot Trainer

High-flying adventure

Take to the skies with this beautiful flight simulator. It has a realistic cockpit view and excellent controls. Center your stick, increase the throttle and head for the skies.

- view a quick replay of your flight
- realistic flight controls
- track your flying statistics

(Application by Donald A. Hill, Jr.)

Koji the Frog 2.0.1

Ribbit, ribbit, ribbit

Can you help Koji eat his lunch? He catches insects. Watch out for the snake, car and gopher — they are out to get you.

- choose from 15 levels
- configurable controls
- easy keyboard control
- Fun game for young children

(Application by Slimyfrog Software)

Lab-Rat 2.0

Educational arcade

This shoot 'em up arcade game has an educational twist. Every time you clear a level, you must answer a question to progress to the next level.

- create your own question sets with the Question Editor
- track high scores for each question set
- 3D graphics and cool soundtrack

(Application by Enrique O. Guerrero, Jr.)

MacChess 2.5

Checkmate!

Check out this beautiful chess program. Challenge a friend or compete against the computer. Complete with special features for advanced players.

- save and analyze games
- track game moves
- configure game setup

(Application by W.A. van Beusekom)

Mr. Brain 1.0

Think hard

The aim of this fun game is getting five in a row. Sounds easy, but it's difficult to beat the computer.

- play against the computer
- read the computer's comments
- take back your last move

(Application by Ian Armstrong)

Nerve 2.0

Bomb squad action

Do you have the nerve to complete this explosive mission? Deactivate bombs planted by the Mad Bomber in this Concentration-style game. You'll find bonuses, bad dudes and messages along the way.

- great animation and cool sounds
- more than 35 levels
- traps to hinder you
- records high scores

(Application by CheeseWare)

P'tong 1.0

Strategic action

Play the classic game of Pong with a mixture of action and strategy. Success requires a little luck and a great deal of skill. Special features enhance the gameplay.

- multiple levels
- extra points for completing each level
- customizable controls

(Application by Mixed Metaphor; Available for Power Mac only)

Feature Program

Swoop 1.0.2

Invasion!

It's up to you to save the planet from invading aliens! Space creatures swoop down on you as they attack. Destroy them in this fast and furious arcade shoot 'em up.

- choose from five different weapons
- beautiful 3D graphics
- heart-pounding soundtrack
- extensive gameplay
- high score list

(Application by Ambrosia Software)
