

# DESKTOP PUBLISHING SRI

DLR Draw v1.0  
by DLR softWare

Create your own masterpieces with this easy-to-use drawing program. Choose from several drawing tools, including rectangle, ellipse, polygon and more. Choose colors, pattern and line width for any shape. Add text to your drawings in any font, size, style or color. Save, print or export your files.

ScreenRuler  
by Micro Fox Software

Do you ever need to make on-screen measurements? ScreenRuler is an easy to use on-screen ruler with a full complement of features. Measurements can be made in picas, pixels, inches or centimeters and switching between units is as easy depressing a command key!

Training on CD Sampler  
by Quay2

These insightful and comprehensive tutorials represent a new way of improving your computer skills and knowledge. This month's tutorial includes "Saving Files in Illustrator," "Splitting Text Blocks in Photoshop," and "Zooming in Pagemaker."

NOTE: We've included "Peter's Player," a fast QuickTime movie player, so you can play these movies even if you don't have Apple's Movie Player. (Apple's QuickTime extension, however, is required. ) Peter's Player is located in its own folder within the tutorial folder.

## FONTS

Arberth  
by Scriptorium Font Library

Use this all-capital font for great drop-caps and other design elements. It adds a Gothic feel to any document. (TrueType and Type 1)

Chromosome  
by Three Islands Press

This font mimics the type you might get from a 1960s-vintage, hand-held label-tape gun. It has two weights, light and heavy. (TrueType and Type 1)

H-Man

by Brain Eaters

Terrorize your clients with this frightening font. H-Man comes right out of the nightmares generated by the horrors and shrieks of classic B-movies. (TrueType and Type 1)

Holstein

by FontHead Design

This weird font looks as if there was too much ink on the printing press, bleeding the ink everywhere. (TrueType and Type 1)

Japanese Font Pack

by Mike McGee

A collection of fonts containing all Japanese hiragana and katakana characters, and some special kana characters. (TrueType and Type 1)

Provence

by Jacques Bertrand

This classic, delicate font is reminiscent of the French region of Provence. Includes regular, bold, italic and bold-italic. (TrueType and Type 1)

Psychatronic

by Brain Eaters

Visit the final frontier with this space-age font. It carries all the characteristics of classic B-movies of the '50s science-fiction movies. (TrueType and Type 1)

SpillMilk

by FontHead Design

Use this whimsical hand-drawn font when you want to add a little fun to your work. (TrueType and Type 1)

Steinbeck

by Jacques Bertrand

This classical serif font is great for books. Includes regular, italic, bold and bold italic styles. (TrueType and Type 1)

Two Face

by BrainEaters

This strange font is a bit schizophrenic — the left side of each letter is different from the right side. (TrueType and Type 1)

Valhalla

by Scriptorium Font Library

This powerful uppercase font reflects the strength and pride of historic Scandinavia. (TrueType

and Type 1)

Vivaldi

by Scriptorium Font Library

Use this light and elegant font on invitations, special notes and other important documents.

(TrueType and Type 1)
