Boxcars Casino
by Jeff T. Rodeo
Place your bets and roll them bones! Boxcars Casino features craps, poker, slots and much more!
You can even play Keno while you play other games. You'll love the fantastic color graphics and
realistic game play.
NOTE: As in real life, you must go to the bank and get some money before you can gamble.
Hot Tip: Read the Boxcars Manual for excellent gaming tips and clear, concise instructions.

Checkers v0.23
by Paul Kappler
Jump on this classic game of checkers. Challenge a friend or compete against the computer.
Choose from red or black pieces and select one of six difficulty levels. Customize your games by
adding or removing any piece you like — even kings! You can save any game and continue
playing later.

Game Atlas v1.5
by John R Morgan, Jr.
Never get lost in your role-playing or adventure games again. Use this full-featured map creation
program to map the worlds of your favorite games. Create everything from a wilderness to a
dungeon. Save or print any map you create. Includes sample maps to get you started.

Jumble!
by Laz Ware
Create as many words as possible in a limited time. Select either regular Jumble with 20 letters
or Mega Jumble with 25 letters. Points are given for each complete word. The interface is simple
and clean.

Sirtet v1.0
by Slipped Disk Software
This Tetris-style game offers two player action. Play solo or challenge a friend. When you
complete two or more lines at a time, your opponent is penalized. This game has full color
graphics, awesome digitized backgrounds and an original music score.

The Zone v1.0.2
by DAPP Soft
Fly through space and destroy aliens in this fast-paced science fiction arcade adventure. You're
the captain of a Federation Inertial Fighter and you must rid the galaxy of all alien headquarters
and mother bases. When you encounter one, destroy it. Watch out! Alien ships try to stop you by
shooting and crashing into your ship.
