

The package features two shooting sessions with each of the three Pets -- Heidi Lynn, Sharon Fitzpatrick, and Pet of the Year Sasha Vinni. Each session begins with a brief introduction and then the "photographer" gets the option of checking out the Pet in a different outfit. The backgrounds and costumes conform to the usual Penthouse standards Sasha is a flight attendant or a ticket agent, Heidi is a cheerleader or a tennis player and Sharon is a teacher or a librarian. Then, they strip.

As the stripping continues, the photographer has several options to customize the show. He can jump forward in the process by clicking on an icon that says, for example, "Remove skirt," or "Arch back." Background music plays as the show continues.
