You are in the About screen. If you have
just started this title, click on the large screen
to play the opening video. If you want to go
right to the movie menu, click on the **Main**
button. To quit the title, double click on the
system menu bar in the upper left hand corner

The video viewer allows you to adjust
the sound level as well as pausing,
stopping, fast forwarding and rewinding
the video. You can also drag the
indicator to any point in the video.
