

Zax is a futuristic soldier/explorer of the Galactic Imperium who crash lands on an uncharted world in dangerous territory. Injured from the crash, his ship badly damaged with rampant system failures, Zax must try to repair his ship on a backwater world about to be vaporized by an impending supernova. With limited resources at his command and surrounded by danger, Zax must utilize all JoWood / Reflexive Entertainment Windows 95/98 PC CD ROM

...and power...of ancient religion and wondrous magic where nothing is as it seems. Amidst it all, Zax has but one place he can turn to for help, one potential ally, a single downtrodden race that is

Q 3 / 2001

Action (w/ other gameplay elements)

These people, known as the agrarian society and worship an angry god. A powerful and terrifying god that walks among them. A god that the people have started to lose their faith in and see as an angry demon...
