#30   Passing parameters to externals

Written by Todd Carper   Published Date December 14, 1987
_____

You can pass a maximum of 10 parameters to an external procedure.
_____

When passing parameters to an external procedure, you can pass a maximum of 10 parameters.

For example:

Valid:

      MyExt(parm1;parm2;parm3)
      MyExt(parm1;parm2;parm3;parm4;parm5;parm6;parm7;parm8;parm9;parm10)

Not Valid:

      MyExt(parm1;parm2;parm3;parm4;parm5;parm6;parm7;parm8;parm9;parm10;parm11)
