

ON-LINE GAMESHOWS

Odds are that you use a PC rather than a Mac. If that's the case, then you've hit the jackpot! Accompanying Cotton Ward's article about on-line gameshows (Games People Play, page 70) are three great gambling games. Out of Order, Strike a Match (both of which can be found at <http://www.gameshows.com/>) and Worbbble (<http://www.worbbble.com>). See, you can win with a PC!
