## Ordering WorkPace

For the current pricing for WorkPace and for information on how to order please contact your local reseller. Their contact details can be found under the menu ***Order Info/ Contact Information***.

As an alternative current pricing information is available on the WorkPace Website. If your computer is set up to use the Internet (and you have a web browser installed) simply go to the menu ***Order Info/Contact Information*** and click on the WorkPace URL ([www.workpace.com/??](http://www.workpace.com/??)). Your web browser will start automatically (if you have a dial-up connection, make sure your Internet dial-up connection is running first). To find pricing information simply go to the ***Orders and Pricing*** section of the Website.

You can also order copies of WorkPace online by following the instructions above.

## Extending your Trial

If you need more time to trial WorkPace and your current copy has expired you may request a trial extension from your reseller. Trial extensions are given at the discretion of the reseller. Normally a trial extension is only given when an order has been placed, thus allowing you to continue using WorkPace whilst your order is being processed.

To get a trial extension you will need to tell your reseller your Trial Code.

See Menu ***Order Info/Enter Trial Extension Key*** to find your Trial Code. This code will be of the form

A86344-3034-008

Once you give your reseller your trial code and your reason for needing a trial extension (if not being accompanied by an order) your reseller will send to you a *Trial Extension Code*.

Type this code into the ***Enter Trial Extension Key*** window and 'Hey Presto' your trial now works again.

## Support Questions

For any support queries please either contact your reseller (see under menu ***Order Info/ Contact Information***), or go to the ***Support and Feedback*** section of the WorkPace Website (for how to get to the WorkPace Website see [Ordering WorkPace](#)).
