## **Tech Support Directory**

This electronic version of the Tech Support Directory contains contact information for hardware and software companies. To locate a company by name, click the Search button.

If you have an Internet connection, click the web address in a company listing to open your browser and go directly to the web site. (If Windows is not set up to make an Internet connection automatically, start your browser and connect to the Internet before clicking a web address hyperlink.)

The Tech Support Directory is a Windows help file. For Help on Windows Help, press F1.
