I have started writing **E-Icons 98** to allow Windows 95/98/NT Users to customise the most common system icons quickly and easily, so I hope you find it useful and easy to use.

Thanks again for trying **E-Icons 98** !

Customising Shell Icons

1 - Click on the tree structure at left side and choose the icon you want to change

Current icon will be showed on the right

2 - Choose a new icon by clicking on "**Browse...**", "**Default Icon**" and "**Show Icon Dialog**". Then click on "**Replace Icon**" or on the selected icon so the old icon will be repalced by the new one.

3 - Click on "**Apply**" or "**OK**" (OK button will terminate the program) to save your changes. Anyway you will be prompted if you exit the program without saving changes.

Customising Icon Settings

Change the options you want, then click on **"Apply"** or **"OK"** to save your changes. Anyway you will be prompted if you exit the program without saving changes.

Uninstall E-Icons 98

To remove **E-Icons 98** from your computer select Add/Delete Programs in Control Panel then Choose "E-Icons 98" and click on "Add/Delete"

Opening Icon Themes

This feature lets you change system icons all in a time.

Select "**Open Icon Theme**" and choose through the dialog the theme you want to open.

E-Icons 98 comes with 2 themes : "**Icon Theme - Altered Icons.eit**" and "**Icon Theme - Misc icons.eit**" .

Saving Icon Themes

Select "**Save Icon Theme**" and choose through the dialog a theme file you want to save or create.

Customising Any Folder Icon

Choose "**Change Any Folder Icon**", then select the folder you want to customise.

The icon of that folder will be showed.

Just choose a new icon for that folder or restore the previous icon by clicking on "**Default**", then click on "**OK**".

This feature is only supported by Windows 98 or IE4.x.

E-Icons 98 Options
