## **Intro:**

Astro GC will give you a short astrological analysis of your character. The "Astro" files are based on a friends astrology notes, she has passed away a while back and this program was made in her memory. This is the Yellow Box version of an old Atari ST program I made a long long time ago.

This Yellow Box version was greatly fixed up. The graphics and and some of the text has been greatly improved. There's lot's of color now. Compared to the NEXTSTEP Black and White version I made in 1994.

I hope that you enjoy and find this program useful. Please send me comments!!!

## **Installation:**

WINNT/95:

1. Unpack the software distribution

- a. open a "Bourne Shell" window located in the Yellow Box menu
- b. change directory to location of distribution, for example, C:\temp  
cd C:\temp (type ls to have a directory listing.)
- c. Uncompress the gunzip distribution:  
gzip How.w.bs.gz
- d. untar the resulting uncompressed file:  
tar xvf How.w.bs.tar

### **Localization (Support languages):**

English by Eric Tremblay ericet@cam.org
