Absolute/Relative switch

Use this switch box to select the type of delay time the reminder uses:

· **Absolute** (e.g. remind me at 10:00 am)
· **Relative** (e.g. remind me 10 hours from now)

Notes:
The **Absolute** option is available only when the   **Repeat** option is set to **Off**.
Reminders set using **Relative** delay time display a count down of remaining time.
Reminders set using **Absolute** delay time display the time the reminder is due.
