

Upgrades for PowerBook 5300 and 190 Series

November 1995 Service Notices

Overview

This month, Apple is shipping a number of upgrades for PowerBook 5300 and 190 Series Computers. The upgrades, listed below, are available through Finished Goods.

PowerBook 190 Series Upgrades

PowerBook Infrared Upgrade Kit (M4071LL/A)

Allows for network communication by way of infrared technology. Made for PowerBook 190 Series computers that don't already have infrared installed. The upgrade kit includes a worldwide warranty booklet.

PowerBook 8-Bit Color Video-Out Upgrade Kit (M3743LL/A)

Upgrades a PowerBook 190 Series computer to include video-out capabilities. The upgrade kit includes a worldwide warranty booklet, multilingual user manual, and a referral document for technical assistance.

PowerBook Logic Board Upgrade Kit (M3881LL/A)

Upgrades a PowerBook 190 Series computer with a PowerPC™ 603e main logic board. The upgrade kit includes a worldwide warranty booklet and a referral document for technical assistance.

PowerBook 5300 Series Display Upgrade

The following display upgrade is available for PowerBook 5300 Series computers ONLY.

PowerBook 10.4" Active-Matrix Display Upgrade Kit (M3881LL/A)

Upgrades a PowerBook 5300 computer display to a color TFT display. This kit includes a worldwide warranty booklet and a technical specifications document.

Upgrades for PowerBook 190 AND 5300 Series

PowerBook Power Adapter (M3881LL/A)

Power adapter and cord for the PowerBook 5300 and 190 Series computers. The power adapter upgrade includes a referral document for technical assistance.

PowerBook 8 MB RAM Expansion Card (M3881LL/A)

Upgrades PowerBook 5300 and 190 Series computers with 8 MB of RAM. The upgrade includes a worldwide warranty booklet, multilingual user manual, and a referral document for technical assistance.

Repair Strategy

For service, follow the current repair strategy for the enclosing PowerBook. Customers can request carry-in service from an Apple Authorized Service Provider (AASP) or request mail-in service through Apple Assurance.

Warranty and AppleCare

All PowerBook 5300 and PowerBook 190 upgrades are covered under the Apple One-Year Limited Warranty and are eligible for carry-in and mail-in service. Because PowerBook computers are portable, the Apple warranty does not cover on-site repairs. The AppleCare Service Plan is available for these upgrades, if the enclosing computer is covered.
