Reconfiguring the Agent Publisher

A Sample Macintosh Agent Configuration

Manually Adding a Drive

Removing a Drive

The UNIX Agent

Usage Requirements

Installation Requirements

Supported UNIX Versions

UNIX Agent Installation

The Agent.cfg File

Agent.cfg Commands

## [Chapter 12 – The Loader Module](#)

- What You Should Know About Loaders
- Starting Backup Exec With Loaders
- Ejecting a Tape
- Erasing Tapes
- Editing a Magazine Definition
- Using a Cleaning Cassette
- The Installation Program
- Adding Tape Drives
- Using a Loader
- Tape Drive Loaders Supported
- Creating a Loader Definition
- Loader Settings
- Loader Setup
- Multiple Drive Loader Support
- Configuration
- Loader-Related Troubleshooting
- Troubleshooting Tips
- Loader-Related Error Messages
- Glossary of Loader Terms
- Glossary of Loader Files

## [Appendix A – Troubleshooting](#)

- Troubleshooting Tips
- Error Message Table

## [Appendix B – Help](#)

- Accessing Help
- The Help Window
- The Help Menu Bar
- The Help Selection Bar
- Using Backup Exec Help
- Index
- Keyboard
- Commands
- Procedures
- Glossary

## [Appendix C –Glossary](#)

- Glossary of Terms
- Glossary of Files
